[Chunnsori Museum OUTBID on Mk 9 !](#)

by [Gmemg](#) » 28 May 2015, 12:11

Yes, It's happened again I RAN the Chunnsori Museum (With Help from my Dutch Friends) on the fairly poor EMG Mk 9 sold to - day at Reeman Dansie

<http://www.the-saleroom.com/en-gb/aucti ... c00e0f6f2#>

and even so It STILL went to the UK , no not the Usual "Ring " Suspects "on the 'phone" (With Wig) but someone else and with Comm it sold for a shade under £2,000 !!!!! I MUST put my prices up for the EMGs and Experts i have - i'm starting to look cheap and we can't have that can we ! mine may not be any better than this one BUT they WON'T go to any CLPGS Peado or CLPGS Collaborator that's for sure

this one is off to a "giant Bungalow" to be stripped out to make an "EMG frankenphone" (Shouldn't that be "grahamophone " ? - ED) so i am told

MAKE THE CLPGS "RING" (Wiggy, leading Dealer, Football Hooligan & father & EMG Guru Who's

parents supplied boys to "Old Stan") and the CLPGS Collaborators PAY
What others say of me :

Money. Greed. Naivety. Falsehoods. Exploitation. Welcome to the wonderful world of gramophones!

"Dear Sir, your Imperial channel has to be one of the greatest uses of the internet since Michael Caine e mailed for help at Rourke's Drift. I salute you!"
